

Potential Wetland Restoration Sites

Legend

Wetland Restoration Potential

- High Potential (Pink)
- Moderate Potential (Yellow)
- Low Potential (Red)
- Public Parcels (Grey)

Base Information

- Drains and Intermittent Streams (Dotted Blue Line)
- Rivers and streams (Solid Blue Line)
- Lakes and ponds (Blue Area)
- Highway (Red Line)
- Primary County Road (Black Line)

High Potential areas indicate presettlement (Land Use circa 1800) and hydric soils present.

Moderate Potential areas indicate only hydric soils present.

Low Potential areas indicate only presettlement (Land Use circa 1800) present.
