

## Correction: Fish Family Cards

In the set of fish family cards provided in the September 2006 edition of upwellings, one illustration is incorrect. The card labeled Channel catfish featured an illustration of a Black bullhead. For your convenience, a corrected card is provided below.

### Channel catfish

*Ictalurus punctatus*

- Scaleless, bottom-dwelling fish
- Habitat: Deep pools in small to large rivers; lakes
- Long barbels (whiskers) around mouth
