The fisheries workshop offers current research and information related to the status of the Lake St. Clair fishery.

Michigan Sea Grant and Michigan State University Extension, in partnership with the Department of Natural Resources Fisheries Division, will be hosting an evening regional workshop dedicated to Lake St. Clair.

The workshop is open to the public, and will provide valuable information for anglers, charter captains, resource professionals, and other community members interested in attending.

The workshop will include five presentations:
Chris VanderGoot, of the Ohio DNR: Using acoustic telemetry to understand movement patterns of walleye in Lake Erie, Lake Huron and Huron-Erie Corridor.

Information regarding the population of sea lamprey larvae in the St. Clair River and Delta and how it impacts the Great Lakes System will be presented by the U.S. Fish and Wildlife Service.

A Lake St. Clair Fishery Status Update, by Mike Thomas, Fisheries Research Biologist from the MIDNR Lake St. Clair Fisheries Research Station.

David Mifsud from Herpetological Resource and Management will present on their mudpuppy conservation project and how mudpuppies relate to the Lake St. Clair fishery.

Macomb County and Michigan Sea Grant are preparing to do an economic impact study of recreational fishing on Lake St. Clair. A short background of the proposed study and time for input will be given.

You are invited to participate!

The evening Lake St. Clair Fisheries Workshop (approx. 3 hours) is open to the public at no cost.

The workshop will be held:
Date: Thursday, April 9th
Time: 6:00 — 9:00 p.m.
Location: VerKuilen Building Assembly Rooms A and B
21885 Dunham Road
Clinton Twp, MI 48036
Enter through entrance E or F
